Georges P. Vanier

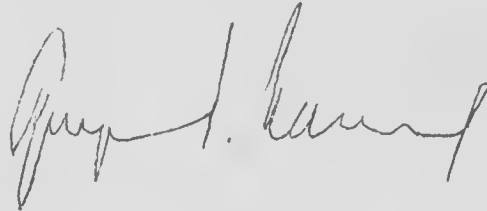

Governor General of Canada

GOVERNMENT HOUSE

OTTAWA

I am very happy indeed that my name should have been chosen to identify this new Junior High School.

I congratulate the Calgary School Board on their efforts to meet the growing needs of the City. To the Principal, the teaching staff and all who will study within your walls I send warmest good wishes.

A handwritten signature in dark ink, appearing to read 'Georges P. Vanier', written in a cursive style.

GEORGES P. VANIER

Georges P. Vanier, to whom this yearbook is dedicated, has led a very interesting life. Born on April 23, 1888, Georges P. Vanier received his education at Laval University, after which, in 1911, he was called to the Quebec Bar. During the first world war he served as a major in the 22nd Battalion (French Canadian) when he was seriously wounded in action and won the M.C. From 1921 to 1928 he served as A.D.C. to the Governor-General, following which Vanier commanded the Royal 22nd Regiment of the Quebec Citadel from 1922 to 1925. In 1930 he represented Canada at the London Naval Conference, as well as at the General Assembly of the League of Nations. Sent to France as Canadian Minister in 1939, he remained until the fall of their country. Vanier was promoted to Major General in 1943 when he went back to London as Canadian Minister to the Allied Government in exile. In 1944, he returned to Paris with the rank of Ambassador which he held until he retired in 1953. Georges Vanier was elected as Associate Member of the French Academie des Scientistes Morals et Politiques in 1951, and was appointed to his present office by Queen Elizabeth II in Halifax at the end of her Canadian tour in 1959. Thus, it is with great respect that we dedicate Vanier's first yearbook to the Governor General of Canada, Georges P. Vanier.

EDITOR'S MESSAGE

During the first year of Georges P. Vanier Junior High School, many worthwhile things have been accomplished. I feel that the students and staff of our school have done an admirable job, organizing many clubs and activities that have greatly contributed to the numerous attributes our school has acquired. Among these have been students' council, junior leaders, press club, safety patrol, cheerleaders, majorettes and many others. The students who have participated freely in these extra-curricular activities will have derived a great feeling of satisfaction from doing a job so well. I think everyone will agree when I say that our first year at Vanier has been a great success.

The Press Club, in order to keep up with these other activities, has published three issues of the "Voix de Vanier", which we hope you have enjoyed. We also sincerely hope that you like the yearbook in which we have attempted to capture memorable events in the first year at Vanier Junior High.

We wish to express our thanks to the students, teachers, and office staff who gave much needed help in order to compile this yearbook.

- Wendy Wiltzen -

PRINCIPAL'S MESSAGE

It is hoped that Term Talk will contain a wealth of happy memories for all who were part of making this first year at Vanier such a wonderful success. Many of us watched the building develop into a fine structure of which we can feel proud. Schools are not measured in terms of the building and equipment - of these we have the best - but rather do we examine the people and see what they have made of themselves through the use of the facilities. Let's take a look at our accomplishments as a school. We have some very fine students whose names have appeared on the Honour Roll and the Improvement List but these are too few in number. After we have subtracted names from the under-achievement list, there isn't much left. Our sports program has been commendable, our social activities have been first rate, our clubs were interesting and informative, many of our students are improved citizens and all of us have a healthier respect for what is right. Our student councils have been active, our press club faithful, our safety patrol has been efficient. In brief we have a tremendous success story except for one black mark - too many loafers and too much deadwood! Nevertheless, as a school we have faced up to our problem and most of us have done something about it.

Congratulations to staff, students, and caretakers for a job very well done. Best wishes to the Nines who are leaving and to those who are remaining - be yours to hold the torch on high. To those who didn't do their part this year, we pass the responsibility for building a better school next year. Let them not fail a second time!

- Mr. A. Wilcox -

GUEST EDITORIAL

There has been a lot of talk about unemployment in Canada during the past winter, and a lot of people have been examining the situation.

One fact has emerged from all the argument and discussion; I think it has emerged with absolute clarity. A great many people who are unemployed today are out of work because they lack the education and the training to hold a job.

The world is changing at a breathless pace. There is less and less room in it for the unskilled and the uneducated; and as time goes on, higher and higher levels of skill will be required from everybody employed in industry.

From the end of the Second World War until a year or two ago, it was possible for teen-agers to quit school early, get themselves some sort of a job in man-hungry industry, and go on earning a living without concerning themselves further about their education.

But now they face an uncharitable world which is less and less interested in employees with a grade VII or VIII education. Thousands of them doubtless wish they had resisted the temptation to earn "easy money" when they were 16 or 17 years old; but it is too late. They must look forward to a life in which only a miracle can give them another chance.

It is, doubtless, still possible to leave school early and find some kind of a wage-earning job. It may look attractive at first but it is the deadliest kind of dead end.

Don't be lured into it.

TEACHER BIOGRAPHIES

MR. WILCOX - better known as "The Great White Father". Vanier's principal is a native of Cardston, Alberta, was educated in Olds and trained as a teacher at the Calgary Normal School. Last year he was principal of Colonel Walker Junior High School. Here in Calgary Mr. Wilcox has taught in King Edward, Sunalta, Western Canada High School and was principal at Briar Hill which was the first new school he opened. Outside of Calgary Mr. Wilcox has taught at Blackie, Frankland and in Three Hills.

Mr. Wilcox has travelled from coast to coast in Canada many times but only twice across the United States. This summer our principal will again tour the United States and Mexico before and after attending the University of Tallahassie in Florida where he has a scholarship provided by the Southam Press.

Of interest to some will be the information that Mr. Wilcox spent thirteen years as an officer in the Royal Canadian Navy. During the War our principal served as a lieutenant in the R.C.N.V.R. and joined the active reserve after hostilities ended. He retired from the Navy with the rank of Lieutenant Commander having been awarded the Canadian Forces Decoration for service. Lt. Cdr. Wilcox served as a watchkeeping officer on H.M.C.S. "Jonquiere" (frigate), H.M.C.S. "Portage" (Algerine) and H.M.C.S. "Fortune" (Minesweeper).

MR. DAVIES - a 'ham' at heart - torn between amateur theatricals and teaching. Mr. Davies was born in the U.S.A. and took his schooling in Lethbridge and at the University of Alberta. Last year he taught at Killarney. Other years he has taught at Balmoral, Hillhurst, High River High School and one year as an exchange teacher in Scotland. Mr. Davies' chief weakness, travelling, keeps him very broke; however, he plans to go to Europe again this year. His travels include Europe in 1954, Caribbean in 1957 and a Round the World tour in 1958.

MR. MACLEAN - a "Bluenose", was born in Nova Scotia and was educated there and at the University of Saskatchewan. He taught last year at Hillhurst and has taught also in his native province. Mr. MacLean spent three years as Superintendent of Vocational Training in North Sydney, Nova Scotia. He was in England for three years and claims he has had many interesting experiences - but they are not for publication!

MRS. ACTON - born and educated in Edmonton - poor soul. In Calgary she has taught at Briar Hill and Colonel Walker. She has also taught in many parts of Alberta. She is a guidance counsellor and the teacher sponsor of the students' council. One of Mrs. Acton's biggest problems is convincing her husband that she should remain in the teaching profession.

MR. DE GAMA - hails from Rajputana, India. Mr. De Gama taught at Colonel Walker last term. He is a real globe-trotter in every sense of the word. Before becoming a teacher, Mr. De Gama spent five years as a policeman on the force of Gloucester County in England. He received his training for teaching at Bristol, England and has taught in Bristol, Gloucester, and a year in Melfort, Saskatchewan. His travels have included Singapore, Burma, Pakistan, India, Ceylon, as well as Britain and Canada.

MRS. MCCULLOUGH - Alberta-born, Mrs. McCullough has taught at Riverside, Renfrew and Briar Hill schools. She has also taught in the High River and Turner Valley School Divisions. She is a graduate of Calgary Normal School and has attended the University of Alberta. Mrs. McCullough claims Long Beach, California is the farthest afield she has travelled.

MR. LEAVITT - Vanier's physical education teacher was born in Cardston, Alberta. He specializes in the mathematics and science fields. Mr. Leavitt has taught at Vermillion, Alberta and Eugene, Oregon. His father, incidentally, is on the teaching staff at William Aberhart School. Mr. Leavitt received his training at the U. of Utah, U. of A. and at the University of Oregon. He is an enthusiast of all sports, including golf, badminton, skiing and any sport you care to name. His efforts in developing the P.E. program in our school are much appreciated by all of us.

MISS LYNDEN - born in Ontario, Miss Lynden last taught in Belleville, Ontario. To preserve her sanity, she transferred to Vanier. She took her training at the U. of Toronto and plans to spend a second summer in Europe this year. She is especially interested in camping, spending most of her summers that way.

MRS. UNGSTAD - an artist in her own right and married to an artist who teaches at Calgary Tech., Mrs. Ungstad was born in Edmonton - but is really not a bad sort in spite of that. She was educated at the U. of A. and has taught in several small towns in Alberta. Under the caption of unusual experiences is the fact that she taught Indian children in the Northwest Territories, and also a summer school for these people. Mrs. Ungstad has visited most of the Western United States, the Yukon and has made a tour of Europe.

MISS VEER - a lady with a most intriguing past. Miss Veer is a native of Estonia, a small European country on the Baltic Sea. During the War her family was wiped out completely and she fled for her life, winding up in a detention camp in Germany. Following the war she was released and allowed to enter Australia on condition that she serve as a domestic for two years. After much red tape she was allowed to return to her teaching. One of Miss Veer's happiest teaching experiences was after the War in a work camp in Germany where she taught Estonian children who were without books or equipment but they were hungry for learning. At press time, Miss Veer is recuperating from a major operation and the staff and students fondly wish her a speedy recovery!

MR. BICKELL - a fisherman at heart. His 'small' fishing trips have taken him no farther than California, the West Coast, and the Yukon. Mr. Bickell calls his home Gore Bay, Manitoulin Island in Ontario. He spent last year at Queen's Park, and previous teaching entailed small rural schools as well as Red Deer. Mr. Bickell was trained at the Calgary Normal School and later the U. of A.

MRS. DUGGAN - born in Winnipeg, Manitoba, taught at Renfrew School last year and formerly taught in Saskatoon, Saskatchewan. Mrs. Duggan received her training at the Teacher's College in Saskatoon and has earned degrees at the University of Toronto (A.R.C.T.) and the University of Saskatchewan (L.M.U.S., A.M.U.S.). During 1959-60 she was the National Chairman of the Registered Music Teachers' Association of Canada. She is fondly known as "Ma" in staff circles.

MISS LEAVITT - a native Albertan, was trained here in Calgary. While attending Crescent, she was captain of the majorettes. Miss Leavitt's previous teaching experience has included Conrich and Calgary. Having just returned from Las Vegas (Easter vacation), we hesitate to ask her plans for a summer vacation. We understand she is a very talented dancer and her majorette group at Vanier is unique among Junior High Schools in the city.

MISS MEYER - home-grown-Miss Meyer has had the interesting experience of spending the past two years in Europe. She has taught in both Edmonton and Calgary. Miss Meyer's alma mater is Provo, Utah. The sunny state of California has been honored with Miss Meyer's presence.

MISS RUARK - born in Alberta, taught last year at Collingwood and has taught previously at Stanley Jones. She took her training at the University of Alberta in Calgary, at Edmonton and in Vancouver. This year Miss Ruark has faithfully sponsored Vanier's Pioneer Club. Her spontaneous smile and chuckle lightens the darker moments at Vanier.

MRS. TRIPP - teacher of VII-8 until Christmas, came to Vanier from Lethbridge where she had previously taught. She was raised in Pincher Creek and attended the U. of A., Calgary. Mrs. Tripp, married to a dentist, forsook Vanier's halls of learning for life in the town of High River, Alberta.

MR. CLIFF - general handyman around Vanier. Mr. Cliff is called on whenever stage-sets, honour-roll frames or any form of fine carpentry is required. Our Shop Teacher is a native of Newcastle, New Brunswick, was trained in Bradley University and the University of Minnesota. He has taught in most shops in the city and also in the R.C.A.F. Mr. Cliff has seen much of North America, having travelled from the mouth of the MacKenzie River to the Republic of Mexico. One place he has not seen but would like to, is Florida.

MRS. RITCHIE - chief cook and seamstress at Vanier. Mrs. Ritchie was born in Red Deer, Alberta, has taught in Calgary a number of years, as well as at various other points in Alberta. Mrs. Ritchie took her training at the U. of A. and the U. of Washington. She was the first person to write her Master's Thesis on "The History of Home Economics in the Province of Alberta."

MISS HOETGER - better known as Ricky, was born in Cologne, Germany, where she began her education, but completed it at Colonel Walker and Crescent in Calgary. Last year Miss Hoetger worked in the office of Calgary Motor Products. Their loss was certainly Vanier's gain.

MRS. BLYTHE - one of our hard-working secretaries, was born in Vulcan, Alberta. She has two daughters in elementary school and one in Gr. IX at Balmoral. During the war, Mrs. Blythe worked for the R.C.M.P. Intelligence Department in Ottawa.

THE QUEEN

CHAIRMAN'S REMARKS - OFFICIAL OPENING OF THE SCHOOL

Honored guests, ladies and gentleman. Our school is honored by the presence of so many distinguished guests who have been generous enough to give up what might have been a free evening in order to participate in the official opening of this beautiful school. On behalf of the staff I wish to thank you for contributing to the success of what is to us a very special evening.

To the parents of our students and to our other guests, I would like to extend a warm welcome to the Georges P. Vanier Junior High School. We appreciate your presence, too, and hope that we will be able to make you feel very glad you came.

The staff and students are intensely proud of this beautiful school. One little girl expressed her feelings to a teacher by saying, "I'm just bugs about Vanier School!" I think the rest of us feel much the same way too. The co-operation of the students and their bubbling enthusiasm are surely an expression of appreciation for the wonderful surroundings in which they attend school. I say this quite sincerely and not because my present staff is in the audience but because I want you to know the teachers in this school work longer hours and do it more willingly than any group with whom I have been associated in the past 20 years in Calgary. Everyone seems determined to live up to the high standard found in the building itself. Without saying it in so many words, students and staff alike seem to have accepted a motto which might very well say "Only the best is good enough for our school!" You can see expression of this spirit on the soccer field, in the gymnasium, at the school social evening, in our assemblies, and even in the conduct in our corridors where students are not required to change classes in lines. I am sure you will find this spirit in the numbers performed by our students on this program.

It is a wonderful thing to have a fine school building, to have industrious teachers, to have enthusiastic pupils, to have a central administration anxious to help in any way it can but these are not enough to ensure the success of the Georges P. Vanier School. Perhaps it is unfortunate that we cannot succeed alone but make no mistake about it - a school cannot succeed without the active support of the parents and the community. By ourselves, we can be no more effective than a hockey team without a goal tender. We invite you, the parents, to be the goalie for Vanier School. With your help we can develop into one of the finest schools in this city but without it, there are serious limits to what we can achieve.

Perhaps you are thinking - just what can I do to help? There are several things.

1. Do not be too quick to judge what the teachers in your school are trying to accomplish. Be assured the teachers are doing everything in their power to make Vanier one of the best schools in the city. The initial months in any new school are filled with

problems. It takes a little time to resolve them, and teachers appreciate a little extra patience and understanding. We publicly thank you for the wonderful support we have had so far.

2. Learn as much as you can about the school program, its objectives, and how it operates.

3. Organize some kind of an association of your own choice at an early date and then support its meetings where you can learn the things I have just mentioned. An opportunity to do this will be provided early in December. Come to meeting and then support the organization of your choice.

4. Accept this personal invitation from me and one on behalf of the staff to bring to our attention any problems, any questions, or any misunderstanding you may have or that might develop and come to the school where we can discuss them together and work out plans that will benefit your children. Be assured that we have their best interests at heart and that we stand ready at all times to help in any way we can. The school telephone number is available by calling the School Board exchange. I invite you to phone the school secretary to make an appointment to meet us, to get to know us better, and feel free at any time to bring any difficulties into open discussion with any of us.

5. Encourage your children to take full advantage of all the educational opportunities offered in the school. We give voluntary extra instruction every morning 8:20 to 8:50 and when necessary we keep those who need to do extra work from 3:30 to 4:00 p.m. Together with your children, plan worthwhile goals that they can reach and then help them achieve those goals through good study habits regularly exercised at home every school night. We teach them at school but part of the learning must take place at home under some form of parental supervision.

6. And lastly - uphold the school in the eyes of your children. Make regular attendance and punctuality important to them. Make them realize they are working for themselves, not to please us. Constantly stress the importance to them of having an education in our modern world and stress the need for achieving at the highest level of which the student is capable.

In conclusion, may I sum up briefly by saying - the success of any school depends upon teamwork - upon students, teachers, and parents working together towards common and worthwhile objectives. Will you join our team and together we will make this one of the finest schools in Calgary and in so doing will provide the best possible educational experience for your children.

STUDENTS' COUNCIL

The student council executives of Georges P. Vanier were elected at school-wide assemblies as follows:

<u>Sept. to Jan.</u>	<u>Feb. to June</u>
President - Yvonne Apperley	- Kim Benjamin
Vice-President - Cathy Churchill	- Ron Toothe
Secretary - Shelby Allred	- Kevin Gilliam
Treasurer - Eric Wiltzen	- Gerald Sokoland
Girls' Sports Rep. - Alice Jensen	- Betty Jean Munro
Boys' Sports Rep. - Bruce Cryer	- Paul Lefebvre

The main council body consisted of a president and a representative from each room and a representative from each club. This council sponsored the first 8-9 social, "Premier Prom", on November 4th and a Grade VII party one afternoon in December. They sponsored a shag and candy sale for the Cheerleaders and Majorettes in December and another shag in January. Our first council also contributed \$10.00 for games used in the lunchroom.

The second council sponsored two 7-8-9 socials complete with a rock-and-roll band, "The Esquires." An indoor carnival held at the first of these socials helped to contribute some of the \$41.00 collected for cheerleaders' costumes.

The first year student councils of Georges P. Vanier Junior High School accomplished many worthwhile projects and should be congratulated for a job well done!

GIRLS JUNIOR LEADERS

The Junior Leaders have done very well in helping to organize and to referee activities. The last elected executive was: President - Val. Edwards; Vice-President - Claudia Murray; Secretary - Yvonne Apperley.

The girls had a swimming party in February which was a great success. The credit for all the training in leadership goes to the sponsor, Miss Lynden.

CHEERLEADERS

The Cheerleaders were fighting for Vanier with their cheers at the track meet and games. The squad is as follows: Nancy Burket (Captain), Georgia Burrows, Val Edwards, Carol Grabinsky (Co-captain), Betty Grabinsky, Marian Hepburn, Alice Jensen, Trudy Mercer, Maxine Morris, Betty-Jean Munro, Claudia Murray (President), Linda Tweedle, Janet Valeau.

Through the year the girls had a candy sale to help raise money for their costumes. They all wish to give a special vote of thanks to all responsible for the money received in this regard. The girls especially appreciate the extra work put in by the sponsor, Miss Meyer.

REFEREES AND COACHES CLUBS

The Referees Club, under the direction of Mr. Leavitt, has proven to be very successful in the past year. Composed of about 30 members, this club met every Tuesday and Thursday after school. The Coaches Club met every Tuesday and Thursday, after the Referees Club. This club consisted of two members from each room, the coach and the assistant coach. We all thank these clubs for the wonderful work they have done in learning the rules of basketball and learning how to referee games.

MAJORETTES

The Majorettes, under the direction of their sponsor Miss Leavitt, and captain Twyla Jones, have done very well. They contributed some of their routines to assemblies. The majorette squad is as follows: Arlene Apperley, Sheila Brown, Julia Clarke, Colleen Dean, Inez Dymont, Terri-Dayle Edwards, Donna Heinzing, Judy Kinghorn, Patricia Leggate, Bev. Phillips, Joanne Ramsay.

The girls held a candy sale as their money-raising project.

PIONEER CLUB

The Pioneer Club of the Inter-School Christian Fellowship was under the sponsorship of Miss Ruark and met every Tuesday night after school. Activities of the club have included discussions of problems, studies on the armour of the Christian, contests, and singing of hymns. Recreation, such as table-tennis and a bowling party, have been enjoyed. Following bowling, the group proceeded to Miss Ruark's home where Mr. Currie gave an interesting talk. Some members attended a day camp at Sundre during the Easter recess. This club was able to serve the school by making a stage-setting and presenting a nativity scene for the Christmas Concert. The Pioneer Club has proven to be a very inspiring one and has provided experiences which will long be remembered by its members.

THE ARTS AND CRAFTS CLUB

In the way of accomplishments in the Art Club, the members have worked with clay, made jewellery, and are now starting on cloth-dying projects. We, the members, with the help of our director, Mrs. Ungstad, hope to accomplish many more interesting and artful things in the remaining months. Some of these things are: painting, drawing with charcoal, and carving, as well as many other interesting crafts. This club meets every Thursday night from 3:30 to 5:00 o'clock.

HOME ECONOMICS CLUB

The Georges P. Vanier's first Home Economics Club was organized on October 3, 1959 under the sponsorship of Mrs. E.M. Ritchie. A number of visitors have visited the club during the year and have presented interesting and helpful talks, films, and demonstrations.

Visitors and Speakers

Miss Marilyn Meikle - Our school nurse related Canada's food rules to health and beauty.

Mrs. Louise Bowlby - a Beauty Counsellor who spoke on "Teenage Grooming and Make-up."

Mr. Valteau of the Singer Sewing Machine Co. - presented a film on "Figure Flattery through Optical Illusions."

Miss Kirkland of the City of Calgary - demonstrated the "Making of Chiffon Cakes."

Miss Joyce McDonald of the Gas Company - demonstrated "Candy Making."

Miss Ann Kernalleguen of the McCall Pattern Corporation - gave very interesting talks to two afternoon classes on lines, color, and fabrics in the choice of clothing.

Activities - The members prepared attractive window displays and bulletin-boards for the school opening on November 16, 1960 and acted as ushers and guides. During the year, individual projects have been worked on in meetings. The Christmas smocking project was a happy one as the girls made Christmas aprons for their mothers. Staff teas have been planned and prepared weekly and have been most successful, as well as appreciated by the staff members. Extra help has been extended in club time to other members of Home Economics classes who needed assistance in class projects.

GIRLS' TUMBLING CLUB

The sponsor, Miss Lynden, did very well in teaching the girls new stunts and developing their skills and style. The girls did a routine for the Gynpede which displayed their accomplishments. The members are: Arlene Apperley, Donna Ashe, Linda Bolt, Sharon Bolt, Laurel Clarke, Linda Doyle, Connie Fjetland, Ann Hughes, Alice Jensen, Marilyn Jessen, Trudy Mercer, Maxine Morris, Claudia Murray, Linda Shultz, Ellen Sisley, Sharon Williams.

ASSEMBLIES

- Sept. 14, 1960 - The main purpose of this assembly was to present the staff as a whole to the student body.
- Sept. 21, 1960 - Extra-curricular activities were introduced to the students by teacher sponsors. The commendable variety of club activities offered, promised to appeal to a wide variety of interests.
- Sept. 28, 1960 - Campaign speeches for Students' Council elections were the order of the day.
- Oct. 21, 1960 - A concert by the Lord Strathcona Horse Band offered an enjoyable departure from the usual assembly. Students and staff members from neighboring schools were Vanier's guests on this occasion.
- Nov. 2, 1960 - Mr. Basil Dean, publisher of the Calgary Herald and the city editor, Mr. Sanburn, addressed the assembly and answered questions about the newspaper business. This served as a culmination to a newspaper project which had been operating in our school from the beginning of the term.
- Nov. 10, 1960 - A serious and impressive Remembrance Day service was held and Rev. D.H. Parr of Northminster United Church gave an inspiring address on the meaning of Remembrance Day.
- Dec. 21, 1960 - The entire school gathered in the auditorium for carol-singing and an inspiring message was given by our principal, Mr. Wilcox.
- Jan. 18, 1961 - The Majorettes, under the direction of Miss Leavitt, and the Cheerleaders, under the direction of Miss Meyer gave an impressive display of their skills.
- Jan. 25, 1961 - Uttering the fervent cry "No petticoat government for the second term", Vanier's male candidates embarked on a series of persuasive speeches that swept all but one female opponent off the field.
- Feb. 8, 1961 - Mrs. Duggan's Glee Club and choirs provided us with several pleasing selections, followed by the introduction of Honor Roll and Improvement Roll students by the home room teachers. A pep rally by the Cheerleaders rounded off another enjoyable assembly.
- Feb. 22, 1961 - To mark Brotherhood Week, students and staff assembled to hear an address by the Rev. J. Collett of Mount Royal College. Basketball trophies were presented to winning teams.
- Mar. 8 and 15, 1961 - Group counselling assemblies were held for under-achievers, average performers, Honor Roll students and Improvement Roll students. Many students were inspired to achieve at their accepted standard, as a result of these assemblies.
- Mar. 30, 1961 - The Easter assembly took the form of a Variety Concert which displayed talent of a very high calibre. Much credit is due Mrs. Duggan for her part in arranging this program. It consisted of: ballet dance by Bonnie Blackley, piano solo by Paula Fairbanks, highland dancing by Nancy Burket, vocal solo by Glenda Moore, accordion duet by Deloyce Borley and Jackie Marsden, recitation by Sharon Sokolan, community singing directed by Mr. Davies, and a display by the Cheerleaders and Majorettes.

SOCIAL EVENTS

The first year at Vanier saw many social events all of which were a great success!

"Premier Prom" - the first social of the year was enjoyed by the students of Grades VIII and IX. The program consisted of jives, with round dances at intervals and interspersed with entertainment by some of the students. Soft drinks and doughnuts were served.

During the early part of the school year the Grade VII's held an afternoon social which was highly successful.

The outstanding social event of the year was the all-grades valentine social, "Cupid Capers". "The Esquires" supplied the music for this event. Other activities included a checker tournament, penny arcade, and fortune-telling. A vote of thanks is extended "The Esquires" for contributing their share of profits to the Cheerleaders for new costumes.

"Loprechaun Leap", held March 17th with all grades attending, was another successful social event. Again we were favored with music by "The Esquires" and a checker tournament was held in the library.

During the year there were a number of afternoon shags, and candy was sold to raise money for the Cheerleaders and Majorettes. One could say that the social life of our new school has been a great success and contributed many happy occasions for the students to remember.

SCHOOL SONG

Vanier! Ever upward, ever soaring!
Vanier! Now our victory call is roaring.
Steadfast and loyal in whatever we do
Proudly we'll wave our colours gold and blue.
Oh! Vanier! May our motto ever guide us!
Faithful and true!

Vanier! C'est l'école que nous aimons
Oui, Vanier! De plus en plus en haut, nous marchons
Fidèles, loyeux et fiers sommes nous.
Nou portons en haut l'étandard d'or et de bleu
Oui, Vanier! C'est l'école que nous aimons!
C'est Georges P. Vanier!

Words by Mr. Davies
Music by Mrs. Duggan

THE HOME AND SCHOOL ASSOCIATION

The Georges P. Vanier Home and School Association got off to a good start in January with a panel discussion by Mrs. Duggan, Mrs. Acton, Mr. Davies and Mr. Leavitt, moderated by Mr. Wilcox, on Exploratory Subjects, Extra-curricular Activities and Classroom Grouping.

The February meeting took the form of Open House and a talk by Mr. Wilcox on report card interpretation.

In March we had another interesting panel discussion in which five Grade IX students: Wendy Wiltzen, Shelby Allred, Robin Hood, Bruce Cryer and Bob Tuff participated, along with Mrs. Acton, Mrs. McAdam, Mr. Foster and Mr. Wilcox. Mr. Burket acted as moderator and the teenage topics under discussion were: dating, home responsibilities, allowances and phone calls.

The Grade IX students are to be congratulated on their mature approach to the questions posed and their valuable contribution to the exchange of ideas.

Many more interesting programs are in the offing for the Home and School Association and we plan to have a share in the end of term awards to students. So here's to all in Vanier Junior High:

Good, Better, Best
Never let it rest
'Till your Good is Better
And your Better est!

CHRISTMAS CONCERT

Vanier's Christmas Concert, December 20th, commenced with an address by the chairman, Mr. Wilcox. The choir under the direction of Mrs. Duggan sang five selections with the audience joining in on the last three. Mrs. Acton's Grade VIII drama class presented a "Santa Claus" improvisation which was an hilarious success.

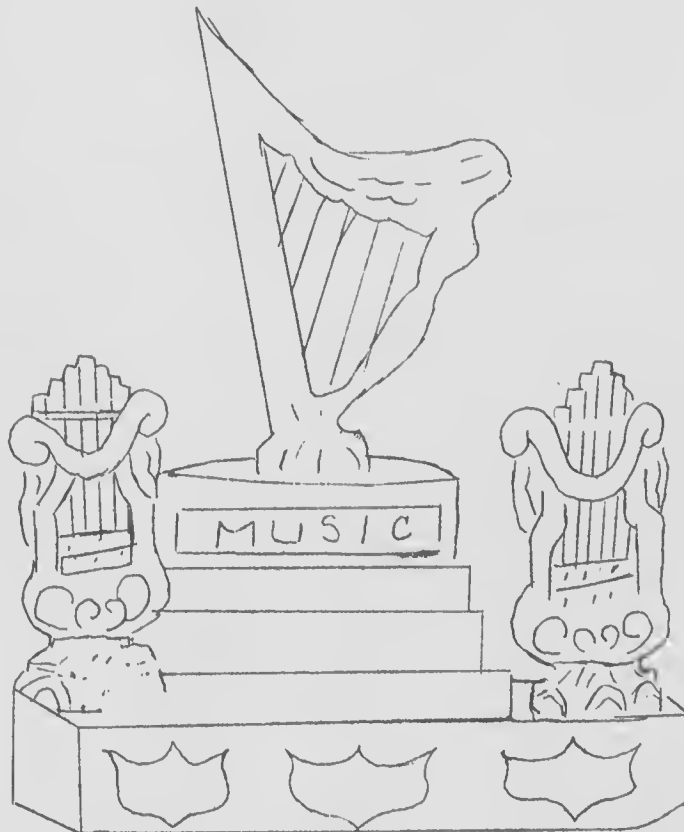

All presentations, in fact, were highly successful and deserving of praise. They consisted of: a piano solo by Dorothy Boulton; songs by Mr. Davies' French Carollers; an accordion trio by Pat Goodman, Deloyce Borley and Gerald Rimmer; a pantomime "Pa Puts Up the Christmas Tree" by Mr. Davies' Grade VIII drama class; "Casey's Christmas" by the Grade IX drama classes; piano solo by Neil Whyte; Nativity Scene by the Pioneer Club. The Glee Club closed the program with two selections, featuring Ron Ovenden and Ruth McCulloch as soloists.

All agreed that Vanier's first Christmas Concert was a tremendous success, both in presentation and reception.

MUSIC AND DRAMA NIGHT

On March 21st, 1961, Vanier held its first Music and Drama Night in the auditorium of the school. The purpose was to give students an opportunity to display their talents to a live audience. The program consisted of:

- Grade VIII Play - "Hello Grandma" - directed by Mr. Davies.
- Boys' Choir - "Jolly Roger" - Mrs. Duggan directing, Miss Downe accompanying.

GEORGES P. VANIER JUNIOR HIGH SCHOOL GRADUATION EXERCISES - June 2, 1961.

The school auditorium was packed to capacity for Vanier's first Grade IX graduation. The class was made up of 121 graduates who entered in procession while their parents and friends stood in admiration at the exciting spectacle. The invocation was pronounced by Rev. McCulloch and the guests were welcomed by the principal, Mr. A.G. Wilcox. Mistress of Ceremonies for the occasion was Yvonne Apperley, winner of three awards and the first President of the Students' Union in Calgary's newest junior high school. Students' speeches were of a very high calibre - Carol Stokes gave the class history, Joyce Stapleton expressed appreciation for the Home & School Association and parents, Dorothy Boulton voiced appreciation for the staff, and Claudia Murray introduced the guest speaker. The valedictorian and only boy on the program was Robert Tuff, an outstanding student who received several awards during the evening.

A number of beautiful trophies were donated to the school including the Calgary Herald Trophy which was presented by the Editor-in-Chief, Mr. Dick Sanburn, the Home & School General Proficiency Trophy, the Home & School Home Economics Trophy and the Home & School Industrial Arts Trophy. Other donors included the Archie Wilcox Trophy for the boy Citizen of the Year, the Neil MacLean Trophy for the girl Citizen of the Year, the Acton-Davies Trophy for drama, the Florence Duggan Bursary for music, the McCullough-Davies Trophy for service, the Students' Council Trophy for leadership, the Athletic Association Trophy for Athletes, the two school intramural trophies for boys and girls, and the school trophy for music. Each award winner was presented with an engraved cup as a memento of having won special distinction. The award winners were as follows:

Scholastic - Diane Petch & Scott Frulling; General Proficiency - Yvonne Apperley and Robert Tuff; Athletics - Alice Jensen & Robert Tuff; Intramurals - Jean Francis and Melvin Goll; Leadership - Yvonne Apperley and Kim Benjamin; Home Economics - Dorothy Boulton; Industrial Arts - Bruce Cryer; Music - Carol Stokes; Special Music Bursary - Ruth McCulloch; Citizenship - Yvonne Apperley; Drama - Claudia Murray & Brian Gimbel; Service - Wendy Wiltzen.

The address to the graduates was given by Mr. Walter Kaasa, Director of the Recreation and Cultural Development Branch of the Department of the Provincial Secretary. Mr. Kaasa gave an inspiring talk that will be long remembered by the graduates and their parents who were privileged to hear his serious and thought-provoking address on modern times.

After the speeches and presentation of awards, the graduates enjoyed an exciting social evening where they danced to the music of one of Calgary's most promising rock and roll bands "The Esquires." A most successful evening drew to its close with a delightful turkey supper served by members of the Home & School Association.

The girls were represented in council by Alice Jensen and Betty-Jean Munro, who both did a very good job.

I'm sure everyone appreciates the fine facilities which Vanier has to offer for our activities. Everyone indeed appreciated the fine work of the P.E. teachers and other members of the staff who generously offered their time in organizing a wonderful sports program. Although our teams didn't finish on top, they showed sportsmanship that makes them tops.

BOYS' SPORTS

INTRA-MURALS

Our first year of intra-mural sports has been a tremendous success as a result of the enthusiasm of the students, the fine leadership from the teachers, and our theme: "an activity for everyone and everyone in an activity."

There has been a wide variety of activities including golf, cross-country race, soccer, volley-ball, basketball, table-tennis, tumbling and gymnastics, badminton, track and field and softball. Members of the staff generously donated seventeen trophies for winners in the intra-mural program. The caretakers, too, have done their part in donating a trophy and looking after the chairs so that the courts would be free for games.

Vanier School is most fortunate in having such up-to-date equipment and in receiving it well in advance of other schools which opened at the same time. The students should be grateful for having the largest and finest gymnasium of any junior high school in Calgary and a games room which is second to none, with its handball courts and ping-pong tables. Students can look forward to enjoying five playing fields and the Regal golf course is almost at our back door.

Vanier's first year in inter-school competition may not appear too successful when measured by the win-loss records on the scoreboard but in terms of school spirit, enthusiasm and good sportsmanship, our teams have enjoyed tremendous success. In assessing the merit of team-play, it is well to remember this worthwhile fact:

"The important thing in life is not the triumph but the struggle
- the essential thing is not to have conquered, but to have
fought well."

Vanier's athletes have held the torch high and pass it to next year's All Stars to do the same.

GYMPEDE

On Wednesday, April 26, 1961, Vanier held its first gympepe. This skilled performance of members of the athletic division was a marvelous display of physical ability. The program began with a few rousing cheers from our blue-and-gold-clad cheerleaders. Following this display there were several demonstrations of warm-up exercises and a bean bag routine. The Junior Leader girls held an amusing fashion show and the grade nine girls performed an interpretive dance. One of the highlights of the gympepe was a fabulous visit from the exclusive Lido Club girls, Pifi, Gigi, Mimi, Bridgit, and Ruth. They held the audience spellbound with their exotic version of the classical? Can-Can. Also on the agenda for this entertaining evening were folk dances, square dances, the samba, volleyball and basketball displays and various tumbling feats. The majorettes and the cheerleaders then led the school in a grand finale to wind up another great Vanier success.

Net proceeds from the Gympepe amounted to \$89.75 and provided funds to purchase the trophy for Outstanding Athletes, two shields for Intramural Sports, cups, and athletic letters for this year's winners of awards. The Gympepe has proven to be one of the outstanding events in the school year and its success will be permanently recorded in the trophies displayed in the foyer.

TRACK MEET

On Wednesday, May 24th Vanier participated in her first track meet. Under the scorching sun at Mewata Stadium our track team brought home many hard-earned laurels. We won the Girls' Grand Aggregate Trophy, the Intermediate Girls' Trophy and the Cheerleaders Trophy. In total points we placed second with a score of $73\frac{1}{2}$, for the Black Shield. In individual events many athletic-minded students placed well in front of other competitors.

ALBERTA PROVINCIAL TRACK MEET

Some of the better athletes from Vanier were invited by the Calgary Booster and Athletic Club to participate in the Alberta Provincial Track Meet held at the Mewata stadium June 10th. Bev. Burrows placed first in the Midget Girls' High Jump. She jumped 4' 8" which is $\frac{3}{4}$ " less than the provincial record. Bev. was also 3rd in the 100 yard dash. Greta De Graff made a very good showing in the High Jump class. Jean Francis qualified in a class over her age limit and did very well by qualifying for the finals in the 80 meter hurdles. Dave Dyson and Brian Whitworth entered the Midget Boys 8 pound shot put. Dave failed to qualify for the finals due to a foot fault. The Midget Girls Relay team placed 2nd in their heat and 4th in finals.

These students have been invited to join the Calgary Track and Field Club who will train during the summer holidays under coaches who are training athletes planning to compete for Canada's Olympic Team.
